APPEALED IN VAIN.

Cabinet Rejects Overtures For Cessation of Hostilities.

LATE MESSAGE FROM CONGER.

Attempt to Exterminate Legation Just Before the Rescue.

ANOTHER APPEAL FROM VICEROYS.

They Do Not Want the Emperor and Empress Dowager Made Prisoners of War—Empress Believed to Be Responsible For Hostile Attitude of Chinese.

London, Aug. 21.—A dispatch has been received from Rear Admiral Bruce saying: "The allies are reported to have entered the Sacred City of Peking August 17.

Washington, Aug. 21.—The cabinet has decided to reject the latest appeal from Li Hung Chang for a cessation of hostilities. The reply will be communicated at once to the Chinese government with a statement of the reasons for the action of this government. The rejection is based on the non-compliance of the Chinese government with the specific provisions of the declaration of the United States under date of August 12.

The state department makes public the following extracts from an undated cablegram received from Minister Conger: "United States legation, Peking, via Chefu, Aug. 20. Saved. Relief arrived today. Entered city with little trouble. Do not know where imperial family is. Except deaths already reported all Americans alive and well. Desperate effort made last night to exterminate us. Mitchell, American soldier and a Russian and Japanese wounded, German killed."

It will be observed that the portions given out cover such features as the government desires to make public at this time. The entire message was before the cabinet and the portions not given out doubtless refer to questions of policy and to Chinese internal affairs upon which the minister speaks as the adviser of the government rather than as the medium of communicating actual occurrences.

The state department has received an appeal from the viceroys of Nanking and Hunan asking that no personal indignities be shown the emperor and empress dowager and renewing assurances of friendship and of maintaining quiet in the south of China if this is observed. The communication came through Minister Wu and was delivered by him to Mr. Ade. The application is, in effect, a request that the Chinese sovereigns shall not be made prisoners of war. It is said the powers are authorized under the rules and practice of international law to accede to this request or not, as they deem best. The request is not one of right, but its granting is dependent entirely upon what the powers may consider best for their own interests.

It is an established principle of international law that members of the enemy's royal family and chief ministers of state and his diplomatic agents are liable to capture even though they may not be actually engaged in hostile operations. Their position makes them so important to the enemy in the conduct of war that they cannot be treated as ordinary non-combatants.

In the present case there is well-grounded belief that the sovereigns, especially the empress dowager, have been instrumental in directing hostile movements and Minister Conger's advisers have stated that the imperial forces were besieging the legations.

ARRIVED IN TIME.

Conger Says Legations Could Not Have Held Out Much Longer.

New York, Aug. 21.—A dispatch from Peking dated August 17, via Shanghai says: At 2 o'clock p.m. August 14, the British and Americans entered the gate near the legations and met with only slight resistance. The Japanese met more serious opposition at the upper east gate all day. At midnight they blew up the gate and entered the city. Many Chinese were killed.

Minister Conger said: "They tried to annihilate us the day before we got in. Prince Ching, president of the Tsung Li Yamen sent word that his officers had received orders to cease firing on us under pain of death. At

7 o'clock in the evening of the same day the Chinese opened fire and this continued all day. If the relieving column had not arrived when it did we should undoubtedly have succumbed. The Americans lost seven marines and 15 wounded, and one child died. The whole movement is purely governmental. The Boxers are only a pretense, having no guns. The confidential adviser of the empress was the leader of the imperial troops here. In eleven days over 2,000 shells fell among us."

Sent Appeals All Around.

Paris, Aug. 21.—The French foreign office has received from Li Hung Chang a request similar to the one addressed to the United States government for the appointing of M. Pichon, the French minister at Peking or another person to represent France at the peace negotiations. It is said all the powers received a like message.

HIDE-AND-SEEK.

What Is the Imperial Family—Allies in the Sacred City.

Landon, Aug. 21.—Divers paragraphs as to the movements of the Chinese imperial family continue to be received at the treaty ports and are then transmitted to the European capitals. Those representing the court as having left Peking are of exclusive Chinese origin. According to them, their majesties are well on their way to Sianfu, about 500 miles inland.

According to a dispatch received by the admiralty from Rear Admiral Bruce, the allies entered the Sacred City of Peking Friday.

If the Chinese government is at Sianfu, there is no means of getting at them according to the military men without a prolonged campaign and with an army as large as Lord Roberts' to secure the base of communications. Advices from the provincial capitals show that the attitude of the southern mandarins has been friendly since the allies reached Peking. Some of the magistrates have been issuing proclamations commanding the Chinese to attend to business, to avoid sedition, and acknowledging that the invasion of the foreigners is justified.

Chinese Troops Take the Field.

Shanghai, Aug. 21.—The foreign officials here learned that the telegraph from Tien Tsin has been cut. The position of the allies is uncertain and a large body of Chinese troops has taken the field.

Washington, Aug. 21.—A dispatch from Tien Tsin, dated August 16, says

5,000 Chinese troops, which are reported to have been at Sung Liu Ching,

left for Peitang and 2,000 more Chinese troops have gone towards Tung Chow.

Took Cash Box With Her.

Paris, Aug. 21.—The Temps publishes a dispatch from Shanghai dated August 21, saying it is reported there that the dowager empress fled from Peking with treasure amounting to 50,000,000 taels and that she is surrounded by Japanese cavalry.

Gone For Sure.

Washington, Aug. 21.—The government has received positive confirmation from official sources of the departure of the emperor and empress dowager from Peking. They went westward but the point at which they are now located was not given.

Boxers Still at Work.

Washington, Aug. 21.—The Japanese legation has received a dispatch from the Japanese consul at Amoy saying that Chinese mobs continue to work devastation in that neighborhood and have destroyed several chapels.

Chinese Governor Dead.

Shanghai, Aug. 21.—It is reported that Yuan Shih Kai, governor of Shan Tung, is dead.

Missouri Campaign Opened.

Sedalia, Mo., Aug. 21.—The Democratic campaign in Missouri was opened here in the presence of nearly 40,000 people. A parade through the streets of clubs from different points in the state was followed by speeches.

The principal addresses were made by Hon. Adlai E. Stevenson, the vice presidential candidate and A. M. Dockery, Democratic candidate for governor of Missouri.

Pence Fully Restored.

Washington, Aug. 21.—Minister Storer at Madrid, informs the state department that a treaty of amity, commerce and navigation and general intercourse has been signed provisionally by the minister of state and himself. This practically marks the last step in the complete restoration of relations between Spain and the United States.

NOT ALL HARMONIOUS.

Populists Differ on Question of Vice President.

STEVENSON MAY NOT BE ENDORSED.

Chairman Butler Thinks It Would Be Solemn Not to Name a Populist to Succeed Towsley on Their Ticket.

Chicago, Aug. 21.—Reports received here indicate that the Populist national committee which is to meet in this city August 28 may not be as harmonious as was predicted when the executive committee was in session early in the month.

The meeting is called for the purpose of selecting a candidate for vice president. When Mr. Towsley declined the nomination of the Populists, it was generally supposed Mr. Stevenson would receive the Populist endorsement by general consent.

The correspondence which has taken place among members of the national committee of that party since the executive committee meeting in this city 10 days ago makes it plain that this result, while still probable, will not be accomplished without a struggle.

It is understood many of the leaders of the party are strongly urging that the committee name an independent candidate. Those who take this position include a majority of the officers of the national committee, among them being Chairman Butler and Treasurer Washburne, who are pronounced in their views. Vice chairman Elwinsten is also said to incline to the opinion that the Populists should have a candidate of their own in the field.

Secretary Edgerton is credited with being the only officer of the organization friendly to the endorsement of Mr. Stevenson's candidacy. Mr. Stevenson's friends claim that Edgerton is working effectively in their behalf. The best canvass the committee has been able to make causes them to feel hopeful of the result. Still those now committed to this course are considerably below a majority in number.

Chairman Butler and others contend that it would be suicidal for their party not to have a candidate of their own political faith in the field. They also hold that unless there is a Populist candidate for second place many Populist votes will be driven

from Mr. Bryan.

The national committee has full power to act, in accordance with the instructions of the Sioux Falls convention, and it is presumed its decision, when made, will be final.

CAMPAIGN POLICIES.

Discussed by McKinley and Roosevelt During the Conference.

Washington, Aug. 21.—Governor Washington, Aug. 21.—Governor Roosevelt left for New York on the 10 o'clock train. When asked for information as to his visit the governor stated that he came especially to see the president, desiring to talk over matters concerning the campaign and also regarding his itinerary. The president and Governor Roosevelt discussed various campaign policies together with the features of the letters of acceptance which are soon to be made public.

It is the desire of Governor Roosevelt, as a vice presidential candidate, to have his utterances during the coming western tour thoroughly in accord with the views of the presidential candidate and he also desires to give expression to and make features of the issues which the president deems most important. Governor Roosevelt expects to make a great many speeches during the campaign and has made arrangements to be in Chicago September 3.

Those who conversed with the governor say he is full of confidence as to the result of the coming election, but at the same time he thinks there should be a very vigorous campaign in order to keep the people informed regarding important issues. The governor assured the president that there is no question about the state of New York, notwithstanding some complications exist over the state and state ticket.

Anti-Quay Faction Denounced.

Philadelphia, Aug. 21.—The Republican state committee held a special meeting in this city and adopted resolutions denouncing the anti-Quay section of the party in advocating fusion with the Democratic party in certain legislative districts "whereby the success of the Republican candidates in congressional, senatorial and elective district may be imperilled."

The resolutions provide for a committee of seven to investigate and report to the state committee "the names of any person or persons claiming to be Re-

publicans and guilty of the dishonorable practices aforesaid and the counties or districts in which such efforts at fusion may exist so that the state committee may take prompt and effective action."

Bryan's Topeka Speech.

Lincoln, Neb., Aug. 21.—Mr. Bryan completed his speech to be delivered in Topeka Thursday in response to the notification of the Populist nomination. The speech is about 4,000 words and deals largely with the trust question. Mr. Bryan also considers at some length the prosperity contention of the Republicans. He again presents imperialism as the paramount issue and gives some figures to show the burdens which he claims militarism will impose.

KILLED OUTRIGHT.

Captain Manning Lost His Life Fighting Fire at Indianapolis.

Peoria, Ills., Aug. 21.—Two incendiary fires resulted in the death of one fireman, the injury of five others and the destruction of \$30,000 worth of property. The first was in the plant of the Peoria Lounge and Mattress company at the corner of Fayette and Water streets, which was practically destroyed. During the progress of the fire, Pipeman Philip Distel of truck No. 2 and Frederick Brobeck of hose No. 5, were thrown from the roof of a two story building adjoining the fire and badly injured.

An hour later, Carroll's ice house, only 200 yards from the scene of the first fire, was discovered in a blaze.

Captain Barney Manning and Michael Gibbons and Harry Palmer Pipemen of the hose company were working inside the building when the wall toppled over. Captain Manning was killed outright. Gibbons and Palmer were buried under the walls. Gibbons was seriously and Palmer slightly injured. James P. Lynch, ladderman, was struck by a falling timber and crushed about the hips.

Must Be Inspected.

Washington, Aug. 21.—In response to a letter of inquiry from the postmaster general, Secretary of Agriculture Wilson has approved the request of the California state board of horticulture that postmasters at Pacific coast points of entry shall submit all mail matter from Hawaii and the Philippines containing fruits or plants to the horticultural officials of the Pacific coast states for their inspection before delivery to the addressees. The executive committee of the California board had forwarded resolutions asserting that a large number of pests are carried in the horticultural products sent from those islands.

Court House Blown Up.

Medina, O., Aug. 21.—The county court house here was wrecked by a terrific explosion of dynamite, a large box of which was stored in the basement of the building. The janitor was

painfully injured and several county officials were badly shaken up. The dynamite had been placed in the basement to be used as evidence in a criminal trial. Some waste paper near the box containing the stuff caught fire and resulted in the explosion.

Ohio Storm Belt.

Cleveland, Aug. 21.—Telegrams from various points in northern Ohio indicate that the storm Monday night was by far the most destructive of the season.

Many thousands of acres were flooded throughout Wood, Ottawa, Sandusky, Erie, Seneca, Lorain, Richland and Wyandot counties and the loss to crops will be heavy.

Iron Furnace Project.

Knoxville, Tenn., Aug. 21.—A massive iron furnace is to be built at Rosedale, Va., near Middlesboro, Ky. The enterprise is backed by Brown Brothers, bankers of New York, who own about 6,000 acres of rich iron lands at Rosedale. The Illinois Steel company is also said to be interested in the enterprise.

In Secret Session.

New York, Aug. 21.—The National Association of Newsdealers, Booksellers and Stationers is holding its 18th annual convention at Newark, N. J.

The convention is held behind closed doors and no information will be given out until after the adjournment.

Ashtabula, O., Aug. 21.—William Ryhol, 24, of Slippery Rock, Pa., while bathing was taken with cramps and drowned. A strong current prevented his rescue.

Wants Witnesses.

Rome, Aug. 21.—Bresci, the assassin of Kling Humbert, has asked for a postponement of his trial until witnesses can arrive from the United States.

Endeavorers Coming Home.

Southampton, Aug. 21.—The North German Lloyd steamer Aller sailed from this port for New York with 500 returning Christian Endeavorers.

Port Gibson, Miss., Aug. 21.—A terrible tragedy occurred in the little village of Grand Gulf, eight miles from Port Gibson. Charles F. Wheless, a leading merchant shot and killed W. C. Williams, a fisherman and the 7 year-old son of Williams, and mortally wounded a negro boy. The two last named were bystanders. Wheless leaves a large family. Wheless says the shooting was done to protect his honor.

Deadly Duel.

Fort Worth, Tex., Aug. 21.—Gabe

and Cleo Copeland were instantly

killed in a duel with John and Charles Baker in Polk county. The men battled at 20 paces with Winchesters.

Both of the Bakers were badly wounded in the shoulders and groin and may die. The origin of the trouble is due to family affairs.

May Recover.

Prarie du Chien, Wis., Aug. 21.—Charles Freyaugle, formerly of the

Fifth cavalry and Harry Inquias, formerly

of the Seventh cavalry, members

of a wild west show, and City Marshal Charles Linder, shot in a

riot Monday night, are improving but

THE Republic-Times, the official organ of the Republican party at Springfield, O., will suspend publication with the issue of Saturday night. It has been in existence for sixty years. Probably Boss Hanna hasn't come forward with the spondulics."

It is understood that the Franklin County grand jury, which meets next month, will be asked to look into the charge of the stealing of \$1,141 preferred by ex-Auditor Stone against W. H. Culton while on the witness stand in the Powers case. Culton intimates that he has a bomb to explode about the conduct of affairs in the Auditor's office, and will do so at the proper time. Ex-Auditor Stone may be indicted for compounding a felony, as he concealed Culton's crime by charging it up to "errors in vouchers." If the Republican State officials were so successful in covering up Culton's stealing, may be they have concealed the rascality of others.

WANTED—A SPELLBINDER.

What Republican orator is to answer Mr. Bryan's Indianapolis speech? inquires the National Democrat, which adds:

"That question is giving a great deal of anxiety to Mark Hanna and his colleagues, and each succeeding day seems only to add to the difficulty. The tone of the independent press, both East and West, has convinced the managers of the McKinley campaign that the Indianapolis speech cannot be laughed away or ignored. It is recognized everywhere as the most powerful utterance made by any candidate in recent years. Beyond a doubt, it has reached both the hearts and the minds of the people, and its effect upon the independents is already being manifested. Hanna is not unaware that Mr. McKinley's course as President has shaken the loyalty of a tremendous number of voters hitherto always faithful to the party. These voters find in the Indianapolis speech the logical and eloquent expression of their distrust. It satisfies their longings and something more besides. It has removed them from the plane of doubt to offer an active sympathy with the Bryan cause. It has made their supporters of Bryan and Stevenson, and no Republican spellbinder at Hanna's command seems to rise to the occasion. We are told that Secretary Hay has been considered, but thought insufficient. Fairbanks of Indiana has been named, but he is too heavy. Frye of Maine is not strong enough. Wootton of Colorado is the favorite thus far, but it is considered that this flippant statesman has not gone deeply enough into the current question to equip himself for the task. The same is true of Senator Davis of Minneapolis, Spooner of Wisconsin, and Henry Cabot Lodge of Massachusetts. In a word, there is not in the whole bunch of Republican spellbinders a man equal to the job. Perhaps the job is too great for any spellbinder. Henry Clay himself might decline the unequal task to answer an unanswerable argument."

OUTLOOK BRIGHT

In This Congressional District—Hon. J. N. Kehoe Greatly Encouraged.

[Courier-Journal]

Mr. J. N. Kehoe, the Democratic candidate for Congress in the Ninth district, made a favorable report to the committee of the situation in his part of the State. He said that he never saw the Democrats more solidified than now, and that he was confident that the Republican majority of ten at the last Congressional election would be turned into a comfortable majority for the Democrats.

Mr. Kehoe says the opposition to the Democratic ticket which existed last year is dying out rapidly, and he thinks little or none will exist on the day of the election. He is well satisfied with the organization the Campaign Committee is perfecting, and says that a solid front will be presented all along the line.

STARTLING.

One Fifth of Nation's Cash in Standard Oil Company Banks.

Figures Showing How Rapidly the Gigantic Trust is Monopolizing the Banking Business.

The eleven leading Standard Oil institutions show the following capital, surplus, loans, deposits at close of business Saturday, August 4th:

Capital.....	\$ 22,900,000
Surplus.....	44,023,721
Loans.....	312,775,000
Deposits.....	\$32,092,000

NEW YORK, Aug 19.—The Standard Oil Company is rapidly developing its hold upon the financial institutions of the country, as well as upon the public funds of the United States. The great National City Bank, which is the home of the money of the Standard Oil Company, is gradually increasing its strength by the purchase of the control of other New York banks.

The capitalists behind this bank now own practical control of the Hanover National, the Second National, the Bank of the Metropolis and the National Park Bank, and have within the last ten days obtained control of the Lincoln National Bank, one of the strongest up-town institutions. Within the last year the Standard Oil crowd has obtained control of the First National Bank of Chicago, of which Lyman J. Gage, Secretary of the Treasury, was formerly President.

In addition to the banks, the Standard Oil Company now controls three of the most important trust companies of the city of New York. These are the United States Trust Company, the Farmers' Loan Trust Company and the Central Trust Company.

The total capital stock of this group of financial institutions controlled by the Standard Oil Company is \$22,900,000, while their surplus, \$43,023,724, and their loans aggregate \$342,775,200.

One of the most startling features of the power and influence of this group of banks and trust companies owned by the Rockefellers is the fact that their deposits form about one-fifth of the entire amount of money in circulation in the United States. They had in their vaults to-day the enormous sum of \$156,240,924. Of this, \$432,092,000 deposits, \$21,640,100 were United States Treasury funds, which are left in the banks of the Secretary of the Treasury without interest. It is a significant fact that the United States Government loans to the Standard Oil banks a sum almost equal to their entire capital stock.

RATHER EXPENSIVE

Were General Collier's Trips to Washington. But the People Had to Foot the Bills.

FRANKFORT, KY., August 20—When State Inspector Hines gets well into the investigation of the office of the Adjutant General under the administration of Dan R. Collier, which investigation he begins tomorrow, he will find that that administration was an expensive one to the State long before the Taylor reign of terror. A cursory examination of the military records in the office of the State Auditor shows it, and a close inspection will bring it out more clearly. One item that promises to mount up pretty high is the expense account of the Adjutant General and his assistant, Col. Forrester, on jaunts to Washington City. During the administration extending over four years quite a number of these trips were made, and the present officials can not quite make out the object of them or of what benefit they were to the department or to the guard service. Another noticeable thing about these trips is that on each one of them the Adjutant General's bill was \$150, while that of his assistant never dropped under \$125. During the administration of Col. Sam Stone as State Auditor that official often complained of the size of the expense accounts of the Assistant Adjutant General, but they seem to have been paid in every instance by him.

Another item likely to strike the Inspector as one of considerable size will be that "for labor" at the State arsenal and "for clerical services" in the department. The beneficiaries in these matters were for the most part William Berkely, of Lancaster, and A. C. Robison, of this city.

These and many other little matters to be covered by the Inspector's report will show that these officials acquired expensive tastes, and spent the money of the people even before Fugitive Taylor came into office as Executive.

The Inspector will begin with the accounts and affairs of the office during the reign of terror, and will take up other wrong expenditures of money afterward. The papers left with Auditor Coulter by

WYATT APPOINTED.

Editor of Ewing Inquirer succeeds Hon. C. E. Booze as County Judge in Fleming.

When Hon. C. E. Booze resigned as County Judge in Fleming County to accept a clerkship in the office of the State Auditor, it was given out that Squire W. H. Graham would probably succeed him as Judge. Graham resigned his place as a member of the Fiscal Court, and that body had been called to meet at an early date to fill the vacancy in the County Judge's office.

A special from Frankfort says Governor Beckham Tuesday appointed J. D. Wyatt County Judge of Fleming County to succeed Judge Booze. Mr. Wyatt is editor of the Ewing Inquirer, and was a staunch supporter of the late Governor Goebel.

KENTUCKY CROPS.

Effect of the Intensely Hot Weather Last Week—Outlook in Central and Eastern Sections Favorable.

The Weather Bureau in its weekly bulletin says the past week has been intensely hot, with occasional local showers. In the western portion of the State, the rainfall was very light and the drought is becoming very severe; in the central and eastern sections, the conditions are decidedly more favorable. In the extreme north-central portion very heavy showers and thunderstorms occurred, causing considerable damage in some localities.

Wheat threshing is practically completed and the reports show that the crop was very satisfactory, as a whole.

In the western section the drought is injuring tobacco and corn, in some localities quite seriously; but in the central and eastern sections the outlook for these crops is much more favorable. Considerable tobacco is being cut and housed, and there is a tendency to ripen prematurely. Corn is maturing quite rapidly and will be safe from frost earlier than was expected.

Plowing for wheat has been stopped by the hot weather, but farm work is generally well up.

In a few localities tobacco worms are doing some damage, but the crop is generally very free from insects.

Of Course the Same Party Didn't Write Them.

[Dover News.]

We got hold of a Republican paper from away up in Northern Michigan and it runs the same identical political editorials, word for word, just as the original editorials in the Maysville Ledger, Dover Messenger, Flemingsburg Gazette and other local papers. From this we must naturally conclude that the Republican editors surely possess a wonderful unanimity of thought, or an editorial trust writes all the original matter for the "country editors" of the Republican type, and dictates every move of the independent editor.

Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. I. B. Hunt of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure stomach and liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure stomach, liver and kidney troubles and never disappoints. Price 50c., at J. Jas. Wood & Son's drug store.
